

Watt's New

Solar updates, industry news, and more

Welcome to Watt's New!

Each month, we'll bring you the latest solar updates, industry news, and a peek behind the scenes at what we're working on. Whether you're already part of the Solos Energy family or we haven't had the chance to install your system yet, we're excited to share the ins and outs of the solar world with you. **Let's dive in!**

Canada Greener Homes Loan: The latest update!

If you've been considering solar for your home, now might be the time to act. The **Canada Greener Homes Loan**, offering interest-free financing up to \$40,000 over 10 years—is still available but expected to run out soon. Some facts:

- As of August 2025, approximately **\$444 million of \$2.78 billion** in funding remains, with around **3,000 loans approved per month** at an average of \$24,000.
- At that pace, the loan could be fully committed by **November 2025** unless more funding is added.

That means if you're considering going solar, the **time to apply is now**. The process includes:

1. Request and approve your Solos quote
2. Book a pre-retrofit energy evaluation
3. Apply for the loan through the Natural Recourses website
4. Approval granted? Time to go solar!

Are you ready to take the next step?

We've Expanded to Calgary!

We're excited to share some big news—**Solos Energy has expanded to Southern Alberta!** That's right, we're now proudly serving **Calgary and surrounding areas**, bringing the same trusted solar expertise that's made us a top choice in the Okanagan!

OKT
THE

Alberta!

A Reputation Powered by Results!

Since opening our office in the Okanagan in 2021, we've helped countless homeowners make the switch to solar—saving money, gaining energy independence, and increasing the value of their homes! Along the way, we've built a reputation we're proud of, backed by dozens of **5-star Google reviews** from our happy customers. Now, we're bringing that same level of service, quality, and transparency to Alberta homes!

That's a wrap!
