

Watt's New

Solar updates, industry news, and more

Welcome back to Watt's New!

Summer solar season is here, and this month we're excited to share a few exciting updates from the Solos Energy team. In this edition, we're celebrating the results of Best of Kelowna & Best of Penticton 2026, while also introducing a new premium solar panel option now available through Solos Energy: **Bauer Solar**

Best of Kelowna & Best of Penticton 2026

We're incredibly honoured to share that Solos Energy has been recognized & won gold in the **Best of Kelowna** and **Best of Penticton** awards for **Best Solar Installation & Services 2026!**

Thank you to everyone who voted, supported us, and continues to trust our team with your homes and businesses. Community recognition like this means so much to our entire team and reflects the hard work, care, and dedication that goes into every project we complete!

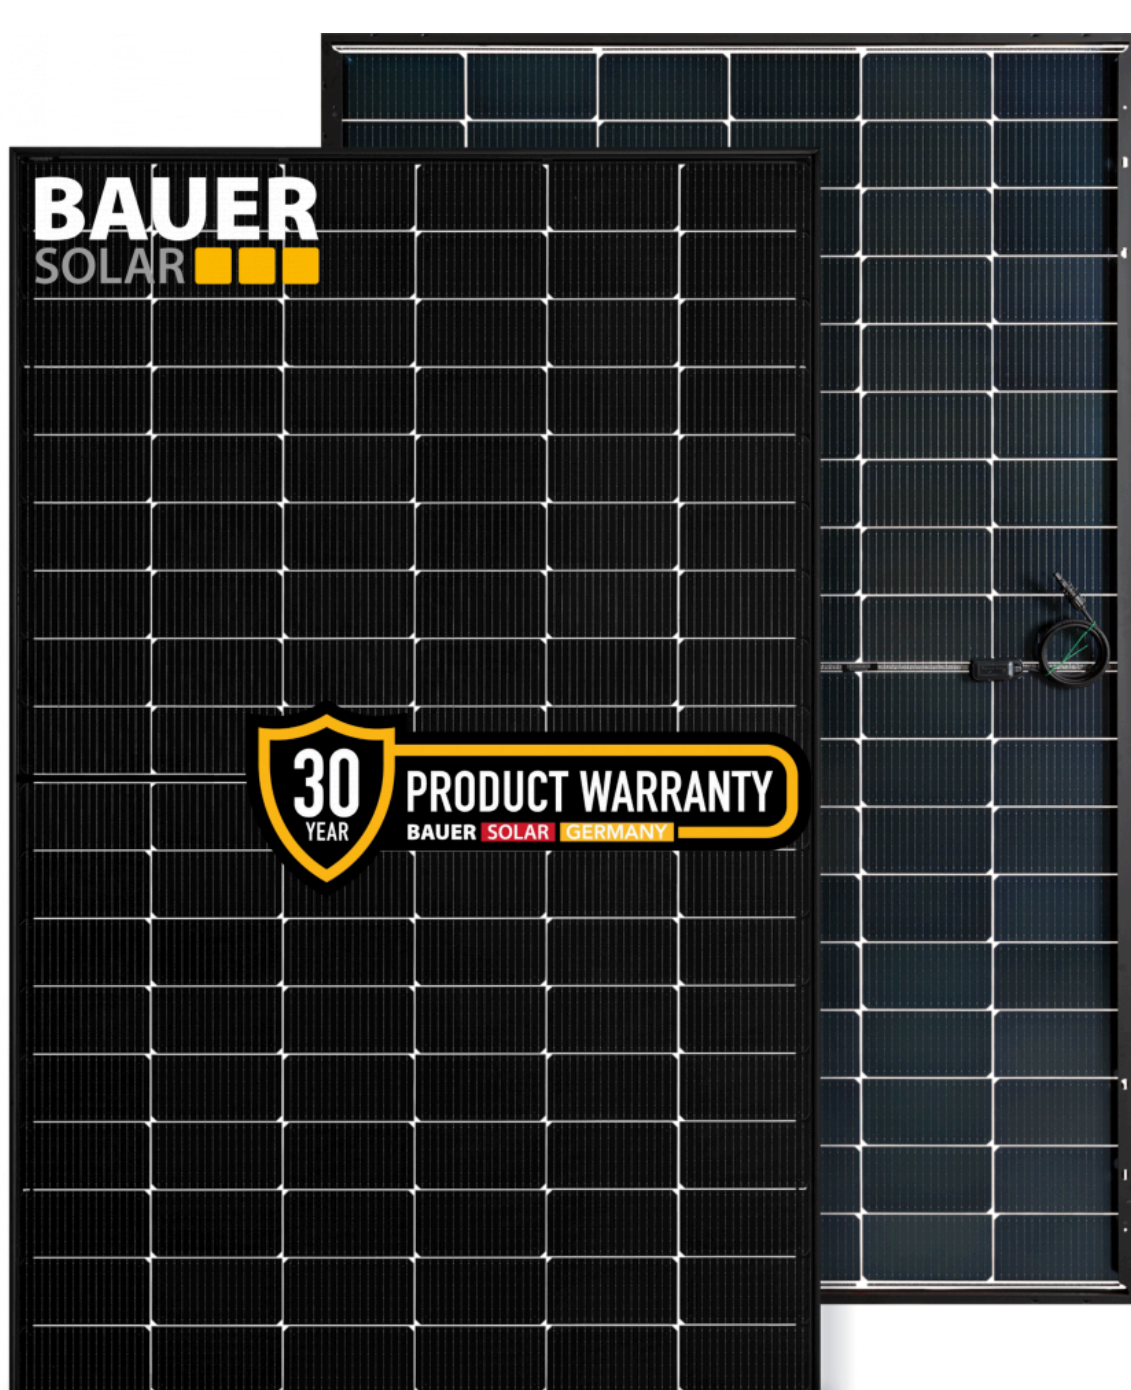

We're proud to be part of such an incredible community and grateful for the continued support from our customers across the Okanagan and beyond!

Introducing Bauer Solar Panels

At Solos Energy, we're always focused on offering high-quality solar solutions built for long-term performance, reliability, and peace of mind.

That's why we're excited to introduce **Bauer Solar Panels** as a new premium panel option for homeowners and businesses.

Engineered in Germany, Bauer Solar has built a strong reputation for high manufacturing standards, durable construction, and long-term reliability. Their panels combine premium aesthetics with advanced solar technology designed to perform efficiently in a wide range of conditions.

Key features of Bauer Solar panels

- Advanced Grade "A" N-Type bifacial half-cell technology
- Strong low-light performance for cloudy days, mornings, and evenings
- Double-glass construction designed for long-term reliability and durability
 - Industry-leading 30-year product and performance warranties
 - High-efficiency panels designed for long-term energy production

Why We Added Bauer Solar

As solar technology continues to evolve, we believe customers should have access to equipment options that align with their priorities — whether that's maximizing performance, long-term warranty coverage, premium aesthetics, or overall system value.

Our team carefully evaluates every product we offer to ensure it meets the standards we expect for our customers.

Bauer Solar stood out to us for its strong combination of long-term durability, premium warranty coverage, advanced cell technology, and trusted German engineering. This is just another way we continue building customized solar systems designed for long-term performance and reliability!

Thinking About Adding Solar To Your Home or Business?

Whether you're exploring solar for the first time or looking to learn more about the latest equipment options available, our team is always here and

happy to help.
